

"A" Group Position Description

Date
Jan 12, 2007

Title System Operator/System Operator Trainee	Group System Operations
Approval <i>William R. Abonilla</i> Manager Labor Relations	

Reports To: Supervisor, System Operations

Duties: Responsible for operating the Company's Electrical System on rotating shifts.

Issue clearances and switching orders to qualified field personnel for all distribution lines and equipment 34kV and below, transmission lines as directed by the Senior Power Dispatcher and SCADA switching in compliance with established Company Standard Practices and Procedures.

Perform duties within the assigned Standard Operating Practices (SOP) for System Operations. Must be knowledgeable and comply with all Company standards, policies, practices and procedures and State and Federal safety regulations as they pertain to the job. Perform similar and incidental duties as assigned.

The System Operator Trainee will be required to perform all of the above duties under the direct supervision of the System Operator and/or System Operator Training Committee (SOTC) until they successfully pass the Level 1 exam.

Qualification Requirements: Applicant must have a high school diploma or equivalent and have a basic understanding of electrical distribution and transmission. Must have five (5) years with the Company, of which at least three (3) years must have been in an electrical operations group. Must have successfully satisfied pre-qualification requirements as determined by the SOTC.

Must have the ability to communicate effectively with Company personnel, Service Providers, Contractors and the public. Must have basic computer skills. Must possess a valid drivers' license.

Job Conditions and Physical Efforts: The duties and responsibilities are performed in an office environment. The position involves sitting, standing, walking, light to moderate lifting, light carrying, bending, reaching, keyboarding, and radio and telephone operation. Conditions may also involve climbing stairs and/or ladders.

The environmental conditions include ambient inside temperature, lighting, noise levels and occasional outdoor work. Conditions may also include vehicle and/or air transport.

Requires an irregular work schedule and overtime hours.

Equal Employment Opportunity PSE is an Equal Employment Opportunity employer. It complies with all applicable federal, state and local employment laws.
